INTERNATIONAL QUALITY CLINICAL RESEARCH

COMMITTED TO SERVICE EXCELLENCE

Saving time should not come at the expense of service or quality. Easy access to the expertise of our senior staff complements the skill of our accomplished project managers to bring the experience and resources necessary to ensure that study timelines and objectives are met. Our experience and proprietary EDC software ensure a rapid and rewarding return on investment for a growing list of satisfied clients.

THE RIGHT PEOPLE

When it comes to the complex world of clinical trials, personnel and expertise make the difference between success and failure. We recruit the best talent available and build highly-skilled, experienced teams of clinical research specialists qualified to manage trials across a number of therapeutic areas. By matching the clinical expertise of these professionals to specific trials, we are able to meet the unique needs of each study quickly, accurately and efficiently.

DESIGNED TO DELIVER

As no two studies are the same, the Global IQ[®] team approaches every project with exacting standards. By matching the right investigators to each study's design requirements, we build a strong and focused team. Utilizing our expertise, we deliver accurate results in the shortest possible timeframe...making Global IQ[®] the intelligent choice.
